LECTURES AND SPEAKERS AT THE WORKSHOP	x
Remarks on a Random Surface <i>D. B. Abraham and C. M. Newman</i>	1
Stochastic Order and Martingale Dynamics in Multivariate Life Length Models: A Review <i>E. Arjas and I. Norros</i>	7
Preservation and Attenuation of Inequality as Measured by the Lorenz Order <i>B. C. Arnold</i>	25
Lorenz Ordering of Order Statistics <i>B. C. Arnold and J. A. Villasenor</i>	38
Stochastic Orders and Their Application to a Unified Approach to Various Concepts of Dependence and Association <i>R. Bergmann</i>	48
Second Order Bonferroni-Type, Product-Type and Setwise Probability Inequalities <i>H. W. Block, T. Costigan, and A. R. Sampson</i>	74
Optimal Stopping of Life Testing: Use of Stochastic Orderings in the Case of Conditionally Exponential Lifetimes <i>C. Costantini and F. Spizzichino</i>	95
Multivariate Probability Inequalities: Convolution Theorems, Composition Theorems, and Concentration Inequalities <i>M. L. Eaton and M. D. Perlman</i>	104
Stochastic Orderings in Reliability <i>K.-W. Gaede</i>	123
Representation Theorems for Measures of Location and for Measures of Dispersion <i>A. Giovagnoli and G. Regoli</i>	141
Orderings of Risks and Their Actuarial Applications <i>W.-R. Heilmann and K.-J. Schröter</i>	157
Applications of Likelihood Orderings in Economics <i>I. Jewitt</i>	174
Stochastic Orders in Welfare Economics <i>M. Le Breton</i>	190
Ordering Regression Models of Gaussian Processes <i>H. Luschgy</i>	207

Multivariate Stochastic Orderings and Generating Cones of Functions <i>A. W. Marshall</i>	231
Stochastic Ordering for Markov Processes on Partially Ordered Spaces with Applications to Queueing Networks <i>W. A. Massey</i>	248
Some Theory of Stochastic Dominance <i>K. Mosler and M. Scarsini</i>	261
Bounds for Distributions with Multivariate Marginals <i>L. Rüschendorf</i>	285
Repair Policies and Stochastic Order <i>T. H. Savits</i>	311
Regular, Sample Path and Strong Convexity: A Review <i>M. Shaked and J. G. Shanthikumar</i>	320
Stochastic Orders and Comparison of Experiments <i>E. Torgersen</i>	334
Expectation Inequalities from Convex Geometry <i>R. A. Vitale</i>	372
Concentration Indices and Concentration Curves <i>S. Yitzhaki and I. Olkin</i>	380
