JOURNAL OF THE MATHEMATICAL SOCIETY OF JAPAN (JMSJ)
http://mathsoc.jp/publication/JMSJ

This journal is devoted to research articles of high quality in all areas of pure mathematics. It is published quarterly by Mathematical Society of Japan and indexed in Mathematical Reviews, MathSciNet, Zentralblatt MATH, Science Citation Index and Science Citation Expanded.

Subscription: The annual subscription price is ¥24,000 (¥6,000 for a single copy).

Preparing and submitting papers: Papers submitted for publication and editorial correspondence should be sent to the following:

JMSJ Editorial Committee
Mathematical Society of Japan
Taito 1-34-8, Taito-ku, Tokyo 110-0016, Japan
e-mail : jmsj@mathsoc.jp

Electronic submissions in PDF or PS format are strongly recommended. For submissions in hard copy, manuscripts should be sent in triplicate to the editorial committee. If the submitted paper written in TeX is accepted, the corresponding author will be requested to send the text file to the editorial committee. Manuscripts for publication must be written in English, French or German with an English abstract. We welcome manuscripts written in TeX, LaTex or AMS-TeX, preferably in LaTeX2e. If the title is long, a shortened version of the title (no more than 60 characters, including spaces) should be given as a running head. JMSJ requests that all papers include a short and informative **Abstract**, **Key Words and Phrases**, and the **2000 Mathematics Subject Classification Numbers** (2000MSC) representing primary and secondary subjects of the article.

Proofs: Each corresponding author receives only one set of proofs for corrections.

Offprints: Authors receive gratis 100 offprints of their article. Additional offprints can be purchased in lots of 50, provided the order form is received with the corrected proofs.
