

VOL. 74 NO. 2

APRIL, 2022

## CONTENTS

<b>P. PLEWA</b> , Sharp Hardy's type inequality for Laguerre expansions .....	333
<b>T. IWABUCHI and T. OGAWA</b> , Ill-posedness for the compressible Navier–Stokes equations under barotropic condition in limiting Besov spaces .....	353
<b>Y. FUKUMA</b> , On the positivity of the dimension of the global sections of adjoint bundle for quasi-polarized manifold with numerically trivial canonical bundle ...	395
<b>E. LORENZO GARCÍA</b> , On different expressions for invariants of hyperelliptic curves of genus 3 .....	403
<b>H. GAUSSIER and M. TSUKAMOTO</b> , On the energy of quasiconformal mappings and pseudo holomorphic curves in complex projective spaces .....	427
<b>J. ÁLVAREZ LÓPEZ, R. BARRAL LIJO, O. LUKINA and H. NOZAWA</b> , Wild Cantor actions .....	447
<b>A. KOMYO</b> , Hamiltonian structures of isomonodromic deformations on moduli spaces of parabolic connections .....	473
<b>K. KONDO</b> , Approximations of Lipschitz maps via Ehresmann fibrations and Reeb's sphere theorem for Lipschitz functions .....	521
<b>R. YAMAGISHI</b> , Singularities of Fano varieties of lines on singular cubic fourfolds ...	549
<b>J.-M. HWANG</b> , Varieties of minimal rational tangents of unbendable rational curves subordinate to contact structures .....	571
<b>Y. FUJISHIMA and K. ISHIGE</b> , Optimal singularities of initial functions for solvability of a semilinear parabolic system .....	591
<b>T. TAUCHI and T. YONEDA</b> , Existence of a conjugate point in the incompressible Euler flow on an ellipsoid .....	629
<b>R. KAJIKIYA</b> , Symmetric and asymmetric nodal solutions for the Moore–Nehari differential equation .....	655
<b>G. MEIGNIEZ</b> , Corrigendum to “A compactly generated pseudogroup which is not realizable” .....	681
