ACKNOWLEDGMENT OF PRIORITY

ACKNOWLEDGMENT OF PRIORITY TO
"ON BARTLETT'S TEST AND LEHMANN'S TEST FOR HOMOGENEITY OF VARIANCES"

By Nariaki Sugiura and Hisao Nagao

Hiroshima University

To our paper "On Bartlett's test and Lehmann's test for homogeneity of variances" in *Ann. Math. Statist.* **40** 2018–2032, the following two references should be added: P. K. Sen and Z. Govindarajulu, (1966) "On a class of c-sample weighted rank-sum tests for location and scale," *Ann. Inst. Statist. Math.* **18** 87–105, and M. Raghavachari (March 1968) "Multi-sample tests for scale," Technical Report No. 14, Department of Statistics, Carnegie-Mellon Univ. The general version of (3) in Theorem 3.2 was obtained from the former while the general version of (3) in Theorem 3.1 as well as the corollary on the same page were obtained from the latter

The authors are grateful to Professor M. Raghavacharı, Carnegie-Mellon University, who gave the above information.
