

## A CORRECTION

BY HASKELL COHEN

Professor J. H. Case has pointed out an error in my paper [1]. Theorem 7.1 is incorrect as stated, but may be corrected by replacing the words “inverse limit” by “projective limit”. (See Kurosich [3]). The error does not affect any of the results of the paper since Theorem 7.2 which depends on Theorem 7.1 in the paper may be proved directly using the fact that the Alexander-Kolmogoroff groups are isomorphic to the Cech groups for compact pairs [2].
