

## Participants of Subbarao Conference

*(See Volume 15, Number 2)*

H. L. Abbott, University of Alberta  
W. A. Al-Salam, University of Alberta  
O. Bain, Regina, Saskatchewan  
Bruce C. Berndt, University of Illinois  
D. W. Boyd, University of British Columbia  
David Bressoud, University of California-San Diego  
J. Brillhart, University of Arizona  
Tim Carroll, Chicago, Illinois  
M. S. Cheema, University of Arizona  
J. Chidambaraswamy, University of Toledo  
Les Davison, Laurentian University  
Jean Marie Dekoninck, Universite de Laval  
John S. Devitt, University of Lethbridge  
Hugh Edgar, San Jose State University  
Paul Erdős, Mathematical Institute of the Hungarian Academy of Sciences  
John A. Ewell, Northern Illinois University  
J. Fabrykowski, University of Alberta  
John Friedlander, Scarborough College, University of Toronto  
A. A. Gioia, Western Michigan University  
Richard Guy, University of Calgary  
James L. Hafner, California Institute of Technology  
Denis Hanson, University of Regina  
J. Hanumanthachari, Sri Venkateswara University  
V. C. Harris, San Diego, California  
M. Ismail, Arizona State University  
Ernst Kani, Harvard University  
H. Kisilevsky, Concordia University  
M. S. Klamkin, University of Alberta  
Carole B. LaCampagne, University of Michigan-Flint  
Robert Lamphere, Florence Marion College  
D. H. Lehmer, Berkeley, California  
Emma Lehmer, Berkeley, California  
Philip A. Leonard, University of Wyoming  
A. Liu, University of Alberta  
R. A. MacLeod, University of Victoria  
A. Meir, University of Alberta  
A. Mercier, Universite du Quebec  
Richard Mollin, University of Calgary  
M. Ram Murty, Tata Institute for Fundamental Research  
V. Kumar Murty, Institute for Advanced Study  
Carl Pomerance, University of Georgia  
V. Siva Rama Prasad, Osmania University  
V. V. Rao, University of Regina  
Bruce Richmond, University of Waterloo  
James Riddell, University of Victoria  
T. D. Rogers, University of Alberta  
A. Schinzel, Institute of Mathematics, Warsaw, Poland
