

ERRATUM

ERRATUM TO "MARKOV OPERATORS BAIRE FUNCTIONS" AND INVARIANT

Volume 13, (1983), pages 397-400

The main result, Theorem 1, is false, as simple examples show. E.g., let $Tf(x) = f(x^2)$ on $C[0, 1/2]$. The error occurs in the assertion " $f = F_p m - ae$." Since the same method is used in the proof of Theorem 2, the proof of that result is also wrong.
