

AN ANALYSIS OF THE CONCEPT OF  
 CONSTRUCTIVE CATEGORICITY

CHARLES FRANCIS QUINN

TABLE OF CONTENTS

|   |     |
|---|-----|
| Introduction . . . . .  | 512 |
| CHAPTER I . . . . .   | 512 |
| CHAPTER II . . . . .  | 522 |
| Introduction . . . . .  | 522 |
| 1. Elementary Theories with Functions and the Relation of Equality. . . . .                 | 523 |
| 2. Some Properties of Elementary Theories . . . . .   | 529 |
| 3. Elementary Skolem Theories. . . . .  | 529 |
| 4. Some Relations between Skolem Theories and Definability . . . . .                        | 534 |
| 5. Constructive Categoricity . . . . .  | 536 |
| 6. Completeness and Constructive Categoricity . . . . .                                     | 537 |
| 7. Categoricity in Power and Constructive Categoricity. . . . .                             | 540 |
| CHAPTER III. . . . .  | 541 |
| 1. Some Syntactic and Semantic Features of Constructively Categorical<br>Theories . . . . . | 541 |
| 2. Skolem Functions and Hilbert's Epsilon . . . . .   | 543 |
| 3. Critique of the Notion of Constructive Categoricity . . . . .                            | 545 |
| 4. Unsolved Problems . . . . .  | 546 |
| Appendix . . . . .  | 547 |
| Notes . . . . .   | 548 |
| References. . . . .   | 550 |
