

NOTICES

- **THE 2008 ASL ELECTION.** At the end of this year the ASL will elect two members of the Executive Committee of the Council, and two members of the Council. All terms are for three years beginning January 1, 2009. The ballot was sent to all ASL members in mid-November. The 2008 Nominating Committee has nominated Lev Beklemishev (Steklov) and Roman Kossak (CUNY) for the Executive Committee positions, and Ayse Berkman (Ankara) and R. Ramanujam (CIT, Institute of Math Sciences, Chennai) for the Council positions. The Nominating Committee consisted of Michael Hallett, Steffen Lempp, Rohit Parikh, John Steel (Chair), Stan Wainer, and Carol Wood.
- **CALL FOR PROPOSALS: 2010 AMS-ASL JOINT SPECIAL SESSION.** The ASL Committee on Logic in North America requests proposals for an AMS-ASL Joint Special Session to be held at the Joint Mathematics Meetings in San Francisco, January 6–9, 2010. Proposals or requests for further information should be sent to the Committee Chair, Jeremy Avigad (email: avigad@cmu.edu). The deadline for receipt of proposals is January 16, 2009.
- **ASL NEWSLETTER VIA EMAIL.** Beginning with the September 2008 issue, the ASL Newsletter will be sent by email to all members for whom the ASL has an email address and who do not specifically request to be sent the printed version. To exercise this “opt-out” provision, either notify the ASL’s subscription fulfillment agent at asl-service@ams.org or check the appropriate box on 2009 membership renewal forms that were mailed in November.
- **NEW MEMBER BENEFIT: *The Review of Symbolic Logic*.** Individual ASL members now receive the new ASL journal, *The Review of Symbolic Logic*, as an additional benefit of membership. Publication of the *RSL* by Cambridge University Press commenced in June 2008, and members should have received the first two issues.

Joining *The Journal of Symbolic Logic* and *The Bulletin of Symbolic Logic* as the third official organ of the Association, the *RSL* publishes research papers in: philosophical and non-classical logics and their applications; history and philosophy of logic; and philosophy and methodology of mathematics. The first heading covers all areas of philosophical logic, plus applications of these logics in such fields as computer science, linguistics, game theory and decision theory, formal epistemology, cognitive science, and artificial intelligence. The second is intended to include the history of philosophy of logic, an area that overlaps substantially with what is often called ‘history of analytic philosophy’. The third area includes both the philosophy of mathematics and methodological studies of mathematical practice, past and present.

For more information about the *RSL*, including a complete listing of its Editors and Advisory Board, visit <http://www.aslonline.org/journals-review.html>.
- **REDUCED DUES FOR INDIVIDUALS AND INSTITUTIONS IN DEVELOPING ECONOMIES.** The ASL offers reduced dues for individual and institutional members in developing economies. For 2009, the reduced dues are US\$18 for individuals and US\$130 for institutional members. These dues apply to individuals and institutions residing in countries whose economies are classified as ‘lower middle income’ or below on the World Bank’s annual list. For further information, visit http://www.aslonline.org/membership_outreach.html or contact the ASL Business Office: ASL, Box 742, Vassar College, 124 Raymond Avenue, Poughkeepsie, New York 12604, USA; Tel: 1-845-437-7080; Fax: 1-845-437-7830; email: asl@vassar.edu.
