(Received March 17, 1967)

Read  $B'$  for  $B$

on page 283 in Definition 1 (i),

on page 284 in Definition 3 (i) and Definition 4 (i),

on page 292, line 4 from the bottom,

on page 294, line 2,

on page 298, line 10.

The lower limit, missing from the integrals on page 285 (twice), page 286 (four times), page 287, page 288, page 289 and page 293, is zero.  $\alpha$  has been omitted in front of the first integral on the third line from the foot of page 294.
