ERRATA.

Theory of invariants in the geometry of paths.

By Tsuneo Suguri

p. 237, line 1 from the bottom, formula (2.5). For "$\mathfrak{d}x^{(s)t}$" read "$\mathfrak{d}x^{(s)i}$".

p. 239, line 8, formula (3.8). For "$\bar{G}^{ij}$" read "G^{ij}".

p. 240, line 15. For "$P^i_{(r)k}\mathfrak{d}x^{(r)k}$" read "$P^i_{(r)k}\mathfrak{d}x^{(r)k}$".

p. 247, line 1. For "$V^*_{(r=1)j}v^I$" read "$A^*_{(r-1)j}v^I$".

p. 251, line 15 from the bottom, formula (11.3). For "$R^*_{0(r)j}$" read "$R^{*i}_{0(r)j}$".

p. 257, line 3 from the bottom, formula (15.9) (ii). For "$\sum\limits_{t=s}^{r-1}\bar{A}^{(r)\alpha}_{(t)\beta}$" read

"$\sum\limits_{t=s}^{r-1}\dfrac{\partial\xi^{(t)\beta}}{\partial x^{(s)i}}\bar{A}^{(r)\alpha}_{(t)\beta}$".

p. 258, line 2, formula (15.10). For "$\sum\limits_{s=0}^{m-1}$" read "$\sum\limits_{s=0}^{m-2}$".

p. 259, line 13, formula (15.16). For "$\sum\limits_{s=1}^{m-2}$" read "$\sum\limits_{s=0}^{m-2}$".

p. 260, line 9 from the bottom. For "$(x^{(1)i})=$" read "$(x^{(1)i})_0=$".

p. 268, line 11 from the bottom, number [13]. For "104-10." read "104-106."
