

EDITORIAL

Terry Goodman

It is with a great sense of loss and sadness that we inform you of the death of Dr. Vince Edmondson. Vince passed away in June after a lengthy battle with brain cancer. Vince had served for a number of years as our Associate Editor for Computer Science and Applied Mathematics. While we will be able to replace him as Associate Editor, we will not be able to replace him as our colleague and friend. He will be missed greatly by our department and we are thankful for his friendship and enthusiastic support of *MJMS*.

Once again we want to use our editorial space for this issue to thank and acknowledge those individuals who serve as referees for the *MJMS*. We believe one of the strengths of our journal is the use of a thorough and consistent review process. The persons listed below play a vital role in that review process and we appreciate and applaud their efforts. Any reader who is interested in serving as a referee for the *MJMS* should complete the Referee Application Form found after the Announcements.

List of Referees

Mangho Ahuja, *Cape Girardeau, Missouri*
