The American Mathematical Society, at the request of the National Science Foundation, will mail the 1966 reporting forms to the Mathematical and Statistics Section of the National Register. The main objective of the National Register is to provide up-to-date information on the scientific manpower resources of the United States. It is also increasingly valuable to our profession as a source of statistical information.

When you receive a National Register Questionnaire, please fill it out and return it promptly to the Headquarters Offices of the Society at P. O. Box 6248, Providence, Rhode Island 02904.
