MISCELLANEA:

Review of Paul Harzer's <i>Tabellen für alle statistische Zwecke in Wissenschaft und Praxis</i> . By F. GARWOOD	469—470
---	---------

The publication of a paper in *Biometrika* marks that in the Editors' opinion it contains either in method or material something of interest to Biometricians. But the Editors desire it to be distinctly understood that such publication does not mark assent to the arguments used or to the conclusions drawn in the paper.

A volume of *Biometrika* containing about 400 pages, with plates and tables, is issued annually.

Papers for publication and books and offprints for notices should be sent to Dr KARL PEARSON, University College, London. It is a condition of publication in *Biometrika* that the paper shall not already have been issued elsewhere, and will not be reprinted without leave of the Editors. It is very desirable that a copy of all measurements made, not necessarily for publication, should accompany each manuscript. In all cases the papers themselves should contain not only the calculated constants, but the distributions from which they have been deduced. Diagrams and drawings should be sent in a state suitable for direct photographic reproduction, and if on decimal paper it should be blue ruled, and the lettering only pencilled.

Papers will be accepted in French, Italian or German. In the last case the manuscript should be in Roman not German characters.

Contributors receive 25 copies of their papers free. Joint authors 15 copies each. Fifty additional copies may be had on payment of 17/- per sheet of eight pages, or part of a sheet of eight pages, with an extra charge for Plates; these should be ordered when the final proof is returned.

The subscription price, payable in advance, is 45s. net per volume: single issues 34s. net (including postage) for Great Britain, and 54s. net abroad (including packing and postage). Owing to the scarcity of early volumes, the following rates must now be charged for complete sets. Vols. I—XXV, including XX³: Inland, bound in buckram £105, in wrappers £95 net; abroad £124. 15s. in buckram, £114. 15s. in wrappers. Recent volumes may still be obtained at wrapper prices. Standard buckram cases with Darwin block, price 2s. 6d. + 6d. postage per volume. Index to Vols. I to V, 2s. net. Index to Vols. I to XV, 7s. 6d. net. Cheques must be made payable to Dr Karl Pearson and sent to The Secretary, *Biometrika* Office, Zoological Laboratory, University College, London, W.C. 1, to whom all orders for series and single copies should be addressed. All cheques must be properly stamped and should be crossed "*Biometrika* Account." No foreign cheques can be accepted unless they are drawn in sterling, properly stamped, and payable at a London agency.

PRINTED IN GREAT BRITAIN BY WALTER LEWIS, N.A., AT THE UNIVERSITY PRESS, CAMBRIDGE
