

THE ANNALS of STATISTICS

ISSN (0090-5364)

AN OFFICIAL JOURNAL OF THE
INSTITUTE OF MATHEMATICAL STATISTICS

Articles

A survey of product-integration with a view toward application in survival analysis	RICHARD D. GILL AND SØREN JOHANSEN	1501
A Weibull model for dependent censoring	SHERRIE E. EMOTO AND PETER C. MATTHEWS	1556
Information inequalities for the Bayes risk	LAWRENCE D. BROWN AND LESLAW GAJEK	1578
Reference priors for the orbit in a group model	TED CHANG AND DAVID EAVES	1595
Accurate multivariate estimation using triple sampling	SHARON L. LOHR	1615
Large sample properties of two tests for independent joint action of two drugs	WHERLY P. HOFFMAN AND SUE E. LEURGANS	1634
The asymptotics of S -estimators in the linear regression model	LAURIE DAVIES	1651
Asymptotic analysis of penalized likelihood and related estimators	DENNIS D. COX AND FINBARR O'SULLIVAN	1676
On the asymptotic distributions of bandwidth estimates	SHEAN-TSONG CHIU	1696
Adaptive M -estimation in nonparametric regression	PETER HALL AND M. C. JONES	1712
Estimation of nonstationary ARMAX models based on the Hannan-Rissanen method	DAWEI HUANG AND LEI GUO	1729
Estimation of the means in the branching process with immigration	C. Z. WEI AND J. WINNICKI	1757
Maximum standardized cumulant deconvolution of non-Gaussian linear processes	QIANSHENG CHENG	1774
A generalization of D - and D_1 -optimal designs in polynomial regression	H. DETTE	1784
Optimal two-period repeated measurements designs	A. HEDAYAT AND W. ZHAO	1805
Nonlinear stochastic approximation procedures for L_p loss functions	ZHILIANG YING	1817
Asymptotic efficient estimation of the change point with unknown distributions	Y. RITOV	1829
Partial orders on permutations and dependence orderings on bivariate empirical distributions	H. W. BLOCK, D. CHHETRY, Z. FANG AND A. R. SAMPSON	1840
Exponential families and regression in the Monte Carlo study of queues and random walks	SØREN ASMUSSEN	1851
Large deviation probabilities for certain nonparametric maximum likelihood estimators	J. PFANZAGL	1868

Short Communications

Lancaster interactions revisited	BERND STREITBERG	1878
Testing for threshold autoregression	K. S. CHAN	1886
Improved bounds for the average run length of control charts based on finite weighted sums	WALTER BÖHM AND PETER HACKL	1895

Vol. 18, No. 4—December 1990
