

BAYESIAN ANALYSIS

Articles

Inverse Bayesian Optimization: Learning Human Acquisition Functions in an Exploration vs Exploitation Search Task	
..... N. Sandholtz, Y. Miyamoto, L. Bornn, and M. A. Smith	1
Scalable Bayesian High-dimensional Local Dependence Learning.....	
..... K. Lee and L. Lin	25
A Bayesian Nonparametric Latent Space Approach to Modeling Evolving Communities in Dynamic Networks	
..... J. Daniel Loyal and Y. Chen	49
Reproducible Model Selection Using Bagged Posteriors.....	
..... J. H. Huggins and J. W. Miller	79
A Comparison of Learning Rate Selection Methods in Generalized Bayesian Inference	
..... P.-S. Wu and R. Martin	105
Bayesian Experimental Design Without Posterior Calculations: An Adversarial Approach	
..... D. Prangle, S. Harbisher, and C. S. Gillespie	133
Efficient Emulation of Computer Models Utilising Multiple Known Boundaries of Differing Dimension.....	
..... S. E. Jackson and I. Vernon	165
Bayesian Non-Parametric Ordinal Regression Under a Monotonicity Constraint	
..... O. Saarela, C. Rohrbeck, and E. Arjas	193
Bayesian Inference for the Weights in Logarithmic Pooling	
..... L. M. Carvalho, D. A. M. Villela, F. C. Coelho, and L. S. Bastos	223
On Quasi-Infinitely Divisible Random Measures.....	
..... R. Passeggeri	253
Evaluating Sensitivity to the Stick-Breaking Prior in Bayesian Nonparametrics (with Discussion),.....	
..... R. Giordano, R. Liu, M. I. Jordan, and T. Broderick	287
