### Soviet Mathematics—Doklady

SOVIET MATHEMATICS—DOKLADY is a translation journal containing the entire pure mathematics section of the DOKLADY AKADEMIĬ NAUK SSSR, the Reports of the Academy of Sciences of the USSR. The DOKLADY for a year contains more than 500 articles, each about 4 pages long. Issued bimonthly in January, March, May, July, September, and November.

Subscriptions, \$35.00.

Single issues are \$7.00. Vols. 1, 2, 3, and 4 (1960–1963), price per volume \$40.00.

### Mathematical Reviews

This journal is devoted to abstracts and reviews of the current mathematical literature of the world. Two volumes of MATHEMATICAL REVIEWS will be published in 1964, Volume 27 and Volume 28. Each volume will consist of 6 regular issues plus an index issue. In each regular issue the abstracts and reviews are grouped under subject headings. Publication began in 1940. Subscription price per volume of 7 issues is \$50.00; 2 volumes per year \$100.00.

Prior to 1961 it appeared in eleven single issues. Orders for complete volumes only are accepted. Volumes 1–24 are available at the following prices: Vols. 1–16 (1940–1955), \$42.00 each; all other volumes \$50.00.

### Notices of the American Mathematical Society

This journal announces the programs of the meetings of the Society. It carries the abstracts of all contributed papers presented at the meetings of the Society and publishes news items of interest to mathematical scientists.

The subscription price is \$7.00 per annual volume of seven numbers. A single copy is \$2.00. Orders for back volumes (back issues of the last two years only are available) are \$14.00 per volume.

All communications should be addressed to the Editor, 190 Hope Street, Providence, Rhode Island 02906. News items and insertions for each issue must be in the hands of the editor on or before the deadline for the abstracts for the papers to be presented in the meetings announced in that issue. These deadlines are published regularly on the back of the title page.

### Mathematics of Computation

A journal devoted to original papers in numerical analysis, the application of numerical methods and high-speed calculator devices, the computation of mathematical tables, the theory of high-speed calculating devices and other aids to computation. In addition it publishes reviews and notes in these and related fields. Published by the Society for the National Academy of Sciences–National Research Council.

Prospective publications should be addressed to the Editor, Dr. Harry Polachek, Technical Director, Applied Mathematics Laboratory, David Taylor Model Basin, Washington, D. C. 20007. The author may suggest the name of an editor for review of his paper.

The subscription price is \$8.00 per volume of 4 issues. Single copies are \$2.50. *Back issues* insofar as they are available: (1943–1962) \$3.00 per issue; \$12.00 per volume. Write for specific information concerning availability.

### Chinese Mathematics—Acta

This is a cover-to-cover translation into English of Acta Mathematica Sinica published by Academia Sinica Peking, People's Republic of China. Acta Mathematica Sinica contains current research in all fields of pure mathematics. Subscription price per volume \$20.00.

Volume 1, 1962 of the translation (corresponding to Volume 10, 1960 of the original) contained three issues. Volume 2, 1963 (Volume 11, 1961) and Volume 3, 1963 (Volume 12, 1962 of the original) will have four issues. In each case the translation will have the same number of issues as the original.

Back volumes \$30.00; single issue price one third of the volume price.
