

ERRATA, VOLUME 76

Joseph Miles, *Representing a meromorphic function as the quotient of two entire functions of small characteristic*, pp. 1308–1309.

Lines 7 and 16, p. 1309:

$$e^{-ik\theta} 2^{-k(N-1)} f_N(\theta)$$

should read

$$e^{-ik\theta} 2^{-k(N-1)} f_N(\theta).$$

P. L. Antonelli, D. Burghelea, and P. J. Kahn, *The nonfinite type of some $\text{Diff}_0 M^n$* , pp. 1246–1250.

The last inequality in Remark 2.3 should be $n \geq 7$ not $n \geq 5$.
