## THE INTERNATIONAL CONGRESS OF MATHEMATICIANS

### CAMBRIDGE, MASSACHUSETTSS, September 4–12, 1940

On invitation of the American Mathematical Society, an International Congress of Mathematicians will take place September 4–12, 1940, with Harvard University and the Massachusetts Institute of Technology as hosts. Plans are well under way for a notable scientific program and for interesting social events. See this Bulletin, September, 1938, p. 593. A preliminary notice containing many details will be sent out in the late spring of 1939.

## MEETINGS OF THE SOCIETY

### DURHAM, NORTH CAROLINA, April 7–8, 1939.

Abstracts must be in the hands of Associate Secretary T. R. Hollcroft, 531 West 116th Street, New York, N. Y., not later than March 10.

This meeting will be held in connection with Duke University's celebration of the centennial of its origins. By invitation of a committee acting for the Society and the University, three addresses are to be given: *Configurations defined by theta functions*, Professor A. B. Coble; *Invariants*, Professor Herman Weyl; *The ergodic theorem*, Professor Norbert Wiener.

### CHICAGO, ILLINOIS, April 14–15, 1939.

Abstracts must be in the hands of Associate Secretary W. L. Ayres, University of Michigan, Ann Arbor, Mich., not later than March 17. By invitation of the Program Committee, Professor M. H. Ingraham will deliver the Symposium address entitled *Matrix equations.*

### STANFORD UNIVERSITY, CALIFORNIA, April 15, 1939.

Abstracts must be in the hands of Associate Secretary T. M. Putnam, University of California, Berkeley, Calif., not later than March 18.

### MADISON, WISCONSIN, September 5–8, 1939.
