ADDENDUM, VOLUME 71

Peter Hilton, Review of *Modern algebraic topology* by D. G. Bourgin, pp. 843–849.

ADDENDUM: It has been brought to my attention by D. G. Bourgin that a number of errors of detail in his book *Modern algebraic topology* mentioned in my review had already been corrected in errata sheets prepared by the author prior to the appearance of the review. These sheets are available upon request from the author. A significant part of the reviewer's criticism is mitigated by the provision of the errata sheets.

PETER HILTON

ERRATUM, VOLUME 72

William Browder, *Embedding 1-connected manifolds*, pp. 225–231.

PAGE 229, COROLLARY 2.5. The Corollary should contain the hypothesis: $T(b)_*\alpha_1 = \alpha_2$.
