

THE MAY COUNCIL MEETING IN DEKALB

The Council met on Sunday, May 12, 1974 in DeKalb.
The Council authorized three invitations to Colloquium Lecturers, namely

I. M. Singer	January 1976
William Browder	August 1976
Jurgen K. Moser	August 1976

The Council elected Chandler Davis to replace Jacob Feldman as a member of the Editorial Committee of the Proceedings while the latter is on temporary leave from his editorial duties. [The Board of Trustees subsequently approved the election.]

The Council received the information that Fred G. Abramson and James Li-Ming Wang had been offered doctoral fellowships and had accepted. The Council voted to recommend to the Trustees that the postdoctoral fellowship program be continued for another year with continuation of the subsidy by the Society based on the same matching formula.

The Council approved a Summer Institute for the Summer of 1975 on the subject of Functions of Several Complex Variables, with Robert C. Gunning and Hugo Rossi as co-chairmen of the organizing committee and co-editors.

The Council approved a symposium, to be sponsored jointly with the Society for Industrial and Applied Mathematics, on the topic of Nonlinear Programming, with Richard Cottle as chairman of the organizing committee and editor.

The Nominating Committee, consisting of Steve Armentrout, Chairman, David M. Goldschmidt, J. J. Kohn, B. J. Pettis and David A. Sanchez, offered a slate. The Council then nominated the individuals on the slate, as follows:
