

Contributions to the 10th Bayesian Statistics Brazilian Meeting

Contents

Preface	325
T. C. O. FONSECA, H. S. MIGON and M. A. R. FERREIRA Bayesian analysis based on the Jeffreys prior for the hyperbolic distribution ...	327
R. B. A. FARIAS and M. D. BRANCO Latent residual analysis in binary regression with skewed link	344
H. F. LOPES, N. G. POLSON and C. M. CARVALHO Bayesian statistics with a smile: A resampling–sampling perspective	358
A. O’HAGAN and L. PERICCHI Bayesian heavy-tailed models and conflict resolution: A review	372
C. A. ABANTO-VALLE, H. S. MIGON and V. H. LACHOS Stochastic volatility in mean models with heavy-tailed distributions	402
S. FORTINI and S. PETRONE Predictive construction of priors in Bayesian nonparametrics	423
R. H. LOSCHI, C. C. SANTOS and R. B. ARELLANO-VALLE Test procedures based on combination of Bayesian evidences for H_0	450
