

the most widely used
scientific information system in the world

Try any edition free for 4 weeks.

Nearly 200,000 professionals of all types use the *Current Contents*® system every week to locate and obtain new journal articles relevant to their work. And they've got good reasons.

Current Contents is the most comprehensive, least complicated way to make sure you learn of new developments in your field while they're still new. Just an hour a week spent scanning any edition of *Current Contents* lets you sort through everything that's published in a thousand or more journals. With *CC*® it's easy to pick out just those articles you want to read. Without handling the journals. Without increasing your journal subscription expenses.

Find out why so many people like you use *Current Contents*. Get more information and a free 4-week subscription by completing the coupon.
