

CONTENTS

Seizo ITO , On existence of Green function and positive superharmonic functions for linear elliptic operators of second order	299
Seizo ITO , Martin boundary for linear elliptic differential operators of second order in a manifold	307
Yataro MATSUSHIMA , Between topology for lattices	335
Hitoshi ABE , On meromorphic and circumferentially mean univalent functions	342
Norio SHIMAKURA , The kernel representation of the fractional power of the strongly elliptic operator	352
Humio SUZUKI , Analytic-hypoelliptic differential operators of first order in two independent variables	367
Eiichi HAYASHI , On some properties of a proximity	375
Par Osamu FUJITA , Sur les familles d'ensembles analytiques	379
Noriyuki SONE , Sufficient conditions for p -valence of regular functions	406
Par Hideya MATSUMOTO , Quelques remarques sur les groupes de Lie algébriques réels	419
