

NAGOYA MATHEMATICAL JOURNAL

Volume 202

June 2011

CONTENTS

Fukaya, T.: Coarse dynamics and fixed-point theorem.....	1
Coons, M. and Dahmen, S. R.: On the residue class distribution of the number of prime divisors of an integer.....	15
Nakanishi, T.: Dilogarithm identities for conformal field theories and cluster algebras: Simply laced case.....	23
Huber, A. and Kings, G.: A cohomological Tamagawa number formula.....	45
Brunella, M.: Locally conformally Kähler metrics on Kato surfaces.....	77
Endo, S.: The rationality problem for norm one tori.....	83
Fuglede, B.: Harmonic morphisms applied to classical potential theory.....	107
Mehran, A.: Kummer surfaces associated to $(1, 2)$ -polarized abelian surfaces.....	127
