

Pacific Journal of Mathematics

IN THIS ISSUE—

- Dunford, Nelson, *Spectral operators*.....321
- Wermer, John, *Commuting spectral measures on Hilbert space*.....355
- Kakutani, Shizuo, *An example concerning uniform boundedness
of spectral measures*.....363
- Bade, William G., *Unbounded spectral operators*.....373
- Bade, William G., *Weak and strong limits of spectral operators*.....393
- Schwartz, J., *Perturbations of spectral operators, and applications
I. Bounded perturbations*.....415
- Cotlar, M., *On a theorem of Beurling and Kaplansky*.....459
- Forsythe, George E., *Asymptotic lower bounds for the frequencies
of certain polygonal membranes*.....467

Vol. 4, No. 3

September, 1954
