

EDITORIAL MESSAGES

By Paul D. Humke and Clifford E. Weil

Thanks. Again we wish to thank Jana Chlebik for her help converting several $\text{T}_{\text{E}}\text{X}$ files sent to us by our authors into $\text{L}^{\text{A}}\text{T}_{\text{E}}\text{X}$ files in our format. Also we once again thank Gabriela Ene, who typed some accepted manuscripts into $\text{L}^{\text{A}}\text{T}_{\text{E}}\text{X}$ in our format for us.

We want to say thanks also to our crew of Contributing Editors who have made the running of the *Real Analysis Exchange* easier for us. In addition the entire Editorial Board wishes to thank all of the referees who have evaluated submissions for us. Without all of this volunteer help, we wouldn't be able to publish the quality product we do.

We remind our subscribers of the Special Subscribers Fund which helps to defer the subscription cost of many subscribers who, for one reason or another, aren't able to pay for their subscriptions, but who profit from reading the journal. There are about 30 people who fall into that category. They are grateful for the support they have received. We urge all able to contribute to the Fund to do so. Contributions should be in the form of a check payable to REAL ANALYSIS EXCHANGE and mailed to:
