

THE ROCKY MOUNTAIN
JOURNAL OF MATHEMATICS

Volume 4

Summer 1974

Number 3

CONTENTS

Introduction	
By REUBEN HERSH	399
Recession of some relativistic Markov processes	
By R.M. DUDLEY	401
Stochastically perturbed dynamical systems	
By WENDELL H. FLEMING	407
Limit theorems for a class of multiplicative operator functionals of Brownian motion	
By RICHARD J. GRIEGO	435
Random evolutions: A survey of results and problems	
By REUBEN HERSH	443
Recent results on the stochastic Ising model	
By RICHARD HOLLEY	479
A stochastic model related to the telegrapher's equation	
By MARK KAC	497
Probabilistic methods in some problems of scattering theory	
By U. MARK KAC	511
Optimal stopping and free boundary problems	
By PIERRE VAN MOERBEKE	539
The skorokhod representation	
By STANLEY SAWYER	579
