A CONFERENCE ON HISTORY, GEOMETRY, AND PEDAGOGY
(University of Central Florida, Orlando, 9 -11 May 1991)

A conference on History, Geometry, and Pedagogy was held in honor of Howard Eves' 80th birthday convened in Orlando, Florida on 9 - 11 May on the campus of the University of Central Florida. Historical talks (and talks on pedagogy of mathematics having a historical bent) were –

Plenary Sessions:

Benno Artmann (Darmstadt Technical University), "Symmetry through the ages"

Evelyne Barbin (Université du Maine, Paris), "Mathematical proof: epistemological meanings and didactic considerations"

Bruce Meserve, "Geometry – an innate part of mathematics"

V. Frederik Rickey (Bowling Green State Univ.), "The first calculus teachers, Jakob and Johann Bernoulli"

Parallel Sessions:

Joe Albree, (Auburn Univ. at Montgomery), "An alternative to the conventional wisdom of a term paper in history of mathematics courses"

Irving H. Anellis (Modern Logic Publishing & Des Moines Area Community College), "Geometry in Russia in the seventeenth and early eighteenth centuries"

James Carpenter (Iona College), "A course in the history and foundations of mathematics"

Richard Davitt (University of Louisville), "G.A. Miller: mathematician, historian of mathematics, and mathematics educator extraordinaire"

Florence Fasanelli (Mathematics Association of America), "The work of Benjamin Banneker"

Gregorio Fuentes (University of Maine), "Spain and the introduction of Greek-Arablic Science in western Europe"

Phillip Johnson (University of North Carolina – Charlotte), "The early
