

ERRATA

Because of our goal to publish articles as quickly as possible, from time to time rather unfortunate typographical errors get overlooked. For that reason it seems appropriate to provide authors with a means by which they can inform our readers of those typographical errors that the reader might not be able to correct for himself or herself. It is hoped that this **ERRATA** will serve that purpose.

Clifford E. Weil
Managing Editor

The first entry in the **ERRATA** section comes from Professor Luděk Zajícěk concerning his survey article, *Porosity and σ -porosity*, in the previous issue of the Real Analysis Exchange, Volume 13, Number 2, pages 314 - 350.

1. On page 342 , the seventh line from the bottom should read as follows:
... and $E_b \cap G \neq \emptyset$. Clearly $E_b \cap G \subset E_a \cap G$. Thus it is sufficient to prove that $E_a \cap G$ is [g]-porous at no point of $E_b \cap G$. Suppose to the contrary...
