Correction to the list of contents for volume four number one 1998

By an unfortunate error a wrong title was given for the paper by Greenwood, P.E. and Wefelmeyer, W. p. 65–80. The correct title is: Cox's factoring of regression model likelihoods for continuous-time processes.

The papers published in Bernoulli are indexed/abstracted in *Current Index to Statistics*, *Statistical Theory & Method Abstracts* and *Zentralblatt für Mathematik* (also available on the *MATH* via *STN* database and *Compact MATH* CD-ROM).
