Erratum

Erratum to "A Note on the ⊤-Stein Matrix Equation"

Chun-Yueh Chiang

Center for General Education, National Formosa University, Huwei 632, Taiwan

Correspondence should be addressed to Chun-Yueh Chiang; chiang@nfu.edu.tw

There are some typos in the current version.

(1) In page 2, the definition of $\mathcal{P}$ in (8): the correct definition of $\mathcal{P}$ is

$$\mathcal{P} = \sum_{1 \leq i, j \leq n} e_j e_i^\top \otimes e_i e_j^\top. \tag{8}$$

(2) In page 2, line 1 after (8): the sentence "$n^2 \times n^2$" should be "$n \times n$."

(3) In page 2, line 2 after (8): please replace "I_{n^2}" with "I_n."

(4) In page 3, line 3 before Theorem 4: the sentence "whenever $i \neq j$" should be "for any i, j."
