CORRECTION

UNIQUENESS OF STATIONARY ERGODIC FIXED POINT FOR A $\cdot/M/K$ NODE

BY V. ANANTHARAM

The Annals of Applied Probability (1993) **3** 154–172

The following three corrections should be made to the paper above.

In the statement of Lemma 1 and its proof, and in the concluding remarks, $\mathscr{M}_s(\lambda)$ should be replaced by $\cup_{0 \le \eta \le \lambda} \mathscr{M}_s(\eta)$.

On page 162, line 8, $\mathscr{M}_s(\lambda, \lambda)$ should be replaced by $\cup_{0 \le \eta, \zeta \le \lambda} \mathscr{M}_s(\eta, \zeta)$.

For the concluding remarks the definition of $\bar{\rho}_\mu$ has to be extended to $\cup_{0 \le \eta \le \lambda} \mathscr{M}_s(\eta)$ in the obvious way.
