### Notice to Contributors

1. Any author interested in writing a Topical Survey article should contact Paul Humke, Department of Mathematics, St. Olaf College, Northfield, Minnesota 55057, for detailed information.
2. Articles for the Inroads and Research Articles sections should be neatly typed in camera-ready form. They should have one inch margins on the top and bottom and one and one-half inch margins on the sides for binding purposes. Contributors should take note of the heading format used in these two sections. Please be sure to indicate whether the paper is to be considered as a Research Article or an Inroad. The deadlines for receipt of Inroads are November 1 for the winter edition and April 1 for the spring edition. Research Articles may be submitted at any time and will be carefully refereed as promptly as possible.
3. Queries should be typed with appropriate bibliographical or historical information included. Solutions to previous Queries should have the same margins as Inroads articles and should also be in camera ready form. Lengthy solutions will be published in the Inroads section. The deadlines for receipt of Queries are November 15 for the winter issue and April 15 for the spring issue.

All correspondence with the Exchange should be sent to the following address.
