

**ERRATA :**

**A GENERAL APPROXIMATION METHODS OF EVALUATING  
MULTIPLE INTEGRALS**

(This Journal, Vol.9, pp.45-55)

LEE-TSCH C. HSU

(Received October 2, 1957)

All the sine functions  $\sin \varphi$ ,  $\sin(2\pi z)$ ,  $\sin(2\pi z')$ ,  $\sin(2\pi y)$ ,  $\sin(2\pi Nx)$ , etc. occurred in pp. 53-54 of Vol. 9, No.1(1957) except those in the lines of inequalities, should be replaced by their absolute values  $|\sin \varphi|$ ,  $|\sin(2\pi z)|$ ,  $|\sin(2\pi z')|$ ,  $|\sin(2\pi y)|$ ,  $|\sin(2\pi Nx)|$ , etc. respectively.
