Membership. Membership dues including a subscription to the ANNALS OF MATHEMATICAL STATISTICS are \$20.00 per year for residents of the United States or Canada and \$12.00 per year for residents of other countries. Special student rates of \$10.00 per year are available to students residing in the U. S. and Canada. Inquiries regarding membership in the Institute should be sent to the Treasurer of the Institute.

Membership in the Institute of Mathematical Statistics is not required of authors of papers in the *Annals of Mathematical Statistics* and the fact of membership or non-membership is given no weight in the consideration of submitted manuscripts.

Subscription Rates. Current issues of the *Annals of Mathematical Statistics* are \$30.00 per volume (six issues of one calendar year). Members of the Institute of Mathematical Statistics pay different rates (see above). Single issues are \$5.75. Back numbers for all issues up to and including 1956 (Volume 27) are \$16.50 per volume, \$4.50 per issue; issues from 1957 through 1964 are \$22.00 per volume, \$5.75 per issue; from 1965 onward, \$33.00 per volume, \$5.75 per issue. Complete sets (Volumes 1 through 27) are \$275.00. If additional volumes are ordered at the same time complete sets are ordered, the price is \$16.50 per volume for Volumes 28 through 35, and \$22.00 per volume for Volumes 36 through 40. Complete sets (Volumes 1 through 40) are \$500.00.

Communications concerning **subscriptions, back numbers, payment of dues, membership, changes of address, etc.**, should be addressed to the Treasurer. Advertising correspondence should be directed to the Managing Editor.

Mail to the *Annals of Mathematical Statistics* should be addressed to either the Editor, Managing Editor or the Treasurer, as described above. It should *not* be addressed to Waverly Press.

EDITORIAL POLICY

The main aim of the *Annals of Mathematical Statistics* is to publish original contributions to theoretical statistics and to probability theory. The emphasis is on quality, not just on formal novelty and correctness of the contents of a paper. Expository papers are also welcome, especially if they provide authoritative surveys of areas that have been in vigorous development.

	Albuquerque, New Mexico (Western Regional)	Spring 1973		

* Abstracts should be submitted in duplicate to the Managing Editor, K. J. C. Smith, Department of Statistics, University of North Carolina, Chapel Hill, North Carolina 27514, on abstract blanks which may be obtained from him. Abstracts of papers to be presented *in person* at the meetings must be received on or before the corresponding deadline. Only one contributed paper may be given in person at any one meeting. Abstracts contributed by title may be submitted at any time and will be printed in the next issue to go to press. Abstracts should not exceed 200 words and should avoid displayed expressions and complicated formulae. They can be accepted from non-members of the IMS only if introduced by members. Abstracts must follow the stylistic requests on the abstract blank or they may be returned.
