

THE INSTITUTE OF MATHEMATICAL STATISTICS

(Organized September 12, 1935)

OFFICERS

President:

Theodore E. Harris, Department of Mathematics, University of Southern California, Los Angeles, California 90007

President-Elect:

Herman Chernoff, Department of Statistics, Stanford University, Stanford, California 94305

Executive Secretary:

G. E. Nicholson, Jr., Department of Statistics, University of North Carolina, Chapel Hill, North Carolina 27515

Program Secretary:

Joan Raup Rosenblatt, National Bureau of Standards, Washington, D.C. 20234

Treasurer:

George J. Resnikoff, Department of Statistics, California State College, Hayward, California 94542

Editor:

D. L. Burkholder, Department of Mathematics, University of Illinois, Urbana, Illinois 61803

The purpose of the Institute of Mathematical Statistics is to encourage the development, dissemination, and application of mathematical statistics.

Membership dues including a subscription to the ANNALS of MATHEMATICAL STATISTICS are \$20.00 per year for residents of the United States or Canada and \$12.00 per year for residents of other countries. Special student rates of \$10.00 per year are available to students residing in the U.S. and Canada. Inquiries regarding membership in the Institute should be sent to the Treasurer of the Institute.

Membership in the Institute of Mathematical Statistics is not required of authors of papers in the *Annals of Mathematical Statistics*, and the fact of membership or non-membership is given no weight in the consideration of submitted manuscripts.

Contents (Continued)

On the exact distributions of the likelihood ratio criteria for testing linear hypotheses about regression coefficients	P. C. CONSUL 1319
Robust estimation in incomplete block designs	VIDA L. GREENBERG 1331
On combinability of information from uncorrelated linear models by simple weighting	FRANK B. MARTIN AND GEORGE ZYSKIND 1338
Inductive methods for balanced incomplete block designs	R. G. STANTON AND R. C. MULLIN 1348
On orthogonal arrays	ESTHER SEIDEN AND RITA ZEMACH 1355
Weighing designs when n is odd	M. BHASKAR RAO 1371
Randomized fractional weighing designs	S. ZACKS 1382
Notes	
A sample function property of martingales	D. G. AUSTIN 1396
On the block structure of singular group divisible designs	C. H. KAPADIA 1398
On partially linked block designs	C. RAMANKUTTY NAIR 1401
Acknowledgment of Priority	1407
Book Reviews	
E. B. DYNKIN: <i>Markov Processes</i>	RONALD K. GETTOOR 1408
W. SMITH AND W. WILKINSON (Eds.): <i>Proceedings of Symposium on Congestion Theory</i>	PETER NEY 1410
RALPH DEUTSCH: <i>Estimation Theory</i>	DAVID MIDDLETON 1412
Abstracts	1414
News and Notices	1434
Publications Received	1436

MEETINGS OF THE INSTITUTE

CENTRAL REGIONAL - Columbus, Ohio - March 23-25, 1967
EASTERN REGIONAL - Atlanta, Georgia - April 3-5, 1967
WESTERN REGIONAL - Missoula, Montana - June 15-17, 1967
ANNUAL MEETING - Washington, D. C. - December 27-30, 1967

Abstracts should be submitted in duplicate to the Managing Editor, P. L. Meyer, Department of Mathematics, Washington State University, Pullman, Washington, on abstract blanks which may be obtained from him or from any Secretary or Associate Secretary. Abstracts must be received at least 50 days before the first day of the meeting at which they are to be presented, indicating whether presented by title or in person. (Only one contributed paper may be given in person at any one meeting.) They may be printed prior to the publication of the report of the meeting. Ordinarily, each issue will contain those abstracts received at least 75 days before it appears. Abstracts should be limited to 200 words or the equivalent and should avoid displayed expressions and complicated formulae. They can be accepted from non-members of the IMS only if introduced by members. Abstracts must follow the stylistic requests on the abstract blank, or they may be returned.
