

MATHEMATICAL REVIEWS

A journal containing reviews of the mathematical literature of the world, with full subject and author indices

Publication of this journal is sponsored by the American Mathematical Society, Mathematical Association of America, Institute of Mathematical Statistics, London Mathematical Society, Edinburgh Mathematical Society, Union Matematica Argentina, and others.

Subscriptions accepted to cover the calendar year only.
Issues appear monthly except July. \$13.00 per year.

Send subscription order or request for sample copy to

**AMERICAN MATHEMATICAL SOCIETY
531 West 116th Street, New York City 27**

THE AMERICAN STATISTICAL ASSOCIATION

1603 K Street, N. W., Washington 6, D. C.

will undertake to publish and distribute at cost,
if a sufficient number of subscribers are secured:

PAPERS ON THE THEORY OF PROBABILITY AND STATISTICS

from the Proceedings of the Russian Academy of Science,
edited by EUGEN ALTSCHUL and WARREN C. WAITE

These interrelated papers by LEXIS, BORTKIEWICZ, and MARKOV continue the work originated by Poisson and are available in English for the first time. Prices will range from 50 cents for brief papers to approximately \$2.50 for long ones.

**TITLES OF THE 17 SELECTED PAPERS AND FURTHER INFORMATION ABOUT
THE CONTENTS MAY BE OBTAINED FROM THE ASA OFFICE IN WASHINGTON**

ECONOMETRICA

Journal of the Econometric Society

Contents of Vol. 14, No. 4, October, 1946, include:

| | Page |
|--|------|
| RENÉ ROY: Balance des comptes et relations de change | 257 |
| KENNETH MAY: The Aggregation Problem for a One-Industry Model | 285 |
| SHOU SHAN PU: A Note on Macroeconomics | 299 |
| LAWRENCE R. KLEIN: Remarks on the Theory of Aggregation | 303 |
| HOWARD L. JONES: Note on Square-Root Charts | 313 |
| JOHN H. SMITH: Constant-Amplitude Scales for Plotting Stock Prices | 316 |
| List of Members of the Econometric Society | 325 |

Published Quarterly

Subscription: \$7.00 per year

The Econometric Society is an international society for the advancement of economic theory in its relation to statistics and mathematics.

Subscriptions to *Econometrica* and inquiries about the work of the Society and the procedure in applying for membership should be addressed to Alfred Cowles, Secretary and Treasurer, The Econometric Society, The University of Chicago, Chicago 37, Illinois.

SANKHYĀ

The Indian Journal of Statistics

Edited by P. C. Mahalanobis

VOL. VII, PART 4, 1946

| | |
|---|--|
| A Sample Survey of After-Effects of the Bengal Famine of 1943 P. C. MAHALANOBIS, R. K. MUKHERJE and A. GHOSH | |
| On a Measure of Divergence of two Multinomial Populations . . . A. BHATTACHARYYA | |
| Discriminant Functions in Multivariate Analysis C. R. RAO | |
| Confidence Interval for the Correlation Coefficient K. C. S. PILLAI | |
| A New Solution in Symmetrical Balanced Incomplete Block Designs K. N. BHATTACHARYYA | |
| A Study of Expenditure Pattern of Calcutta, Middle Class Family Budgets . . S. J. POTI | |
| Distribution of Muslims in the Population of India P. C. MAHALANOBIS | |
| Miscellaneous Notes | |

Annual subscription: 20 rupees (or 32 shillings)
Inquiries and orders may be addressed to the Editor,
Sankhyā, Presidency College, Calcutta, India.

THE INSTITUTE OF MATHEMATICAL STATISTICS

(Organized September 12, 1935)

OFFICERS FOR 1947

President:

WILL FELLER, Cornell University, Ithaca

Vice-Presidents:

J. H. CURTISS, National Bureau of Standards

M. H. HANSEN, Bureau of the Census

Secretary-Treasurer:

PAUL S. DWYER, University of Michigan, Ann Arbor

The purpose of the Institute of Mathematical Statistics is to stimulate research in the mathematical theory of statistics and to promote coöperation between the field of pure research and the fields of application.

Membership dues including subscription to the *ANNALS OF MATHEMATICAL STATISTICS* are \$5.00 per year. The dues and inquiries regarding membership in the Institute should be sent to the Secretary-Treasurer of the Institute.

ANNOUNCEMENTS OF FUTURE MEETINGS

The 1947 Summer Meeting of the Institute will be held at Yale University, New Haven, Connecticut, on September 2-5, 1947, in conjunction with meetings of the American Mathematical Society and the Mathematical Association of America.

Professor A. Wald will deliver the first Henry Lewis Rietz Lecture at the Summer Meeting. The title of his lecture will be *Sequential Estimation and Multi-Decisions*. Other sessions of invited papers and contributed papers will be organized and announced later.
