

THE ANNALS

of

STATISTICS

*AN OFFICIAL JOURNAL OF THE
INSTITUTE OF MATHEMATICAL STATISTICS*

The 2000 Wald Memorial Lectures

- | | | |
|---|---------|------|
| Asymptotics and the theory of inference | N. REID | 1695 |
|---|---------|------|

Imaging and Inverse Problems

- | | |
|--|------|
| Rotation space random fields with an application to fMRI data
K. SHAFIE, B. SIGAL, D. SIEGMUND AND K. J. WORSLEY | 1732 |
| Estimating deformations of stationary
processes.....MAUREEN CLERC AND STÉPHANE MALLAT | 1772 |
| Maximal meaningful events and applications to image analysis
AGNÈS DESOLNEUX, LIONEL MOISAN AND JEAN-MICHEL MOREL | 1822 |

Bootstrap and Jackknife Methods

- | | |
|---|------|
| Bootstrap confidence bands for regression curves and their derivatives
GERDA CLAESSENS AND INGRID VAN KEILEGOM | 1852 |
| Asymptotic results in jackknifing nonsmooth functions
of the sample mean vector MARZIA MARCHESELLI | 1885 |
| Bayesian bootstrap for proportional hazards models YONGDAI KIM AND JAEYONG LEE | 1905 |
| Autoregressive-aided periodogram bootstrap
for time series.....JENS-PETER KREISS AND EFSTATHIOS PAPARODITIS | 1923 |

Extreme Value Estimation

- | | |
|--|------|
| Kernel-type estimators for the extreme value index
P. GROENEBOOM, H. P. LOPUHAÄ AND P. P. DE WOLF | 1956 |
| Weak consistency of extreme value
estimators in $C[0, 1]$LAURENS DE HAAN AND TAO LIN | 1996 |

Testing

- | | | |
|---|----------------|------|
| The positive false discovery rate: A Bayesian interpretation
and the q -value | JOHN D. STOREY | 2013 |
| Efficient and adaptive nonparametric test for the two-sample problem
GILLES R. DUCHARME AND TERESA LEDWINA | 2036 | |
| Testing conditional moment restrictions...GAUTAM TRIPATHI AND YUICHI KITAMURA | 2059 | |
