## EDITORIAL POLICY

The main aim of the *Annals of Statistics* and the *Annals of Probability* is to publish original contributions related to the theory of statistics and probability. The emphasis is on quality, importance and interest; formal novelty and mathematical correctness alone are not sufficient. Particularly appropriate for the *Annals* are important theoretical papers and applied contributions which either stimulate theoretical interest in important new problems or make substantial progress in existing applied areas. Of special interest are authoritative expository or survey articles, whether on theoretical areas of vigorous recent development, or on specific applications. All papers are refereed.

**IMPORTANT ANNOUNCEMENT  
TO  
SUBSCRIBERS TO THE ANNALS OF  
MATHEMATICAL STATISTICS**

Beginning with the calendar year of 1973 *The Annals of Mathematical Statistics* will be superseded by TWO journals.

These are the:

ANNALS OF PROBABILITY	Per Volume (Six Issues)	\$25.00
ANNALS OF STATISTICS	Per Volume (Six Issues)	\$25.00

The Institute of Mathematical Statistics will also continue to publish "The Institute of Mathematical Statistics BULLETIN", begun in January, 1972. A subscription to the BULLETIN will cost \$4.00 per year. Such subscriptions will not be part of subscriptions to the two ANNALS but must be ordered separately.

All subscription orders are on a *calendar year basis* ONLY and payable in advance.

There is NO SPECIAL RATE for ordering MORE THAN ONE JOURNAL.

ALL orders and correspondence should be addressed to the Treasurer's office:
