The American Statistical Association

announce publication of

**CURRENT INDEX TO

APPLICATIONS, METHODS AND
THEORY**

An annual computerized index to the statistical literature

Coverage—Over 7,000 articles in “core” and “related” journals are indexed. Author index and index by key words. Example of subject index (complete reference to journal, volume, pages, etc., is given):

Key word

Who should subscribe—All individuals who spend any significant fraction of their time doing statistics. Anyone who spends more than *one hour per year* looking for an article on a particular topic in statistics or redeveloping some technique that already exists in the literature will find it cost effective to have a personal copy of this index.

Editor—Brian L. Joiner, University of Wisconsin. *Assistant Editor*—Jessie M. Gwynne

Management Committee—Donald A. Gardiner, Chairman; Heebok Park, Seymour Geisser, David Hoaglin, David L. Wallace

Subscription Rates—Vols. 1,2,3 (per vol.)
Nonmember \$ 18.00; Member \$ 9.00
Vol. 4, 5 (per vol.)
Nonmember \$ 22.00; Member \$ 11.00
