

THE ANNALS *of* STATISTICS

AN OFFICIAL JOURNAL OF
THE INSTITUTE OF MATHEMATICAL STATISTICS

Articles

	PAGE
A statistical theory of calibration.....	HENRY SCHEFFÉ 1
Convergence of estimates under dimensionality restrictions.....	L. LECAM 38
On the centering of a simple linear rank statistic.....	WASSILY Hoeffding 54
Limiting distributions of Kolmogorov-Smirnov type statistics under the alternative.....	M. RAGHAVACHARI 67
The conditional probability integral transformation and applications to obtain composite chi-square goodness-of-fit tests	FEDERICO J. O'REILLY AND C. P. QUESENBERY 74
Covariance stabilizing transformations.....	PAUL W. HOLLAND 84
An empirical Bayes approach to multiple linear regression.....	SERGE L. WIND 93
Differential equations and optimal choice problems.....	ANTHONY G. MUCCI 104
Characterizations of populations using regression properties.....	F. S. GORDON 114

Short Communications

On a minimax estimate for the mean of a normal random vector under a generalized quadratic loss function.....	TAMER BASAR AND MAX MINTZ 127
Asymptotically efficient estimation of covariance matrices with linear structure.....	T. W. ANDERSON 135
Generalized Bayes minimax estimators of the multivariate normal mean with unknown covariance matrix.....	PI-ERH LIN AND HUI-LIANG TSAI 142
Convergence of reduced empirical and quantile processes with appli- cation to functions of order statistics in the non-i.i.d. case	GALEN R. SHORACK 146
Convergence rates for U -statistics and related statistics	WILLIAM F. GRAMS AND R. J. SERFLING 153
Noncentral convergence of Wald's large-sample test statistic in ex- ponential families.....	T. W. F. STROUD 161
An asymptotic UMP sign test in the presence of ties.....	J. KRAUTH 166

THE INSTITUTE OF MATHEMATICAL STATISTICS

(Organized September 12, 1935)

The purpose of the Institute of Mathematical Statistics is to encourage the development, dissemination, and application of mathematical statistics.

OFFICERS

President:

Lucien LeCam, Centre de recherches mathématiques, Université de Montréal, Case postale 6128, Montreal 101, Canada

President-Elect:

R. R. Bahadur, Department of Statistics, University of Chicago, Chicago, Illinois 60637

Executive Secretary:

Leo Katz, Statistical Laboratory, Michigan State University, East Lansing, Michigan 48823

Program Secretary:

R. V. Hogg, Department of Statistics, University of Iowa, Iowa City, Iowa 52240

Treasurer:

Robert Elashoff, MR IV—Room 131, University of California, San Francisco California 94122

Editor: *Annals of Statistics*

Ingram Olkin, Department of Statistics, Stanford University, Stanford, California 94305

Editor: *Annals of Probability*

Ronald Pyke, Department of Mathematics, University of Washington, Seattle, Washington 98195

Managing Editor:

K. J. C. Smith, Department of Statistics, University of North Carolina, Chapel Hill, North Carolina 27514

Membership. Membership dues including a subscription to one *Annals* and *The Institute of Mathematical Statistics Bulletin* are \$18.00 per year for residents of the United States or Canada and \$12.00 per year for residents of other countries. Special rates of \$9.00 per year are available to students. Rates in each category are one-third higher for members who wish both *Annals* as well as the *Bulletin*. Inquiries regarding membership in the Institute should be sent to the Treasurer of the Institute.

Subscription Rates. Current volumes (six issues per calendar year) of the *Annals of Probability* and the *Annals of Statistics* are each \$25.00. Members of the Institute of Mathematical Statistics pay different rates (see above). Single issues are \$5.00. Back numbers of both *Annals* and the *Annals of Mathematical Statistics* (Volume 1 through 43) may be purchased from the Treasurer.

Mail to the *Annals of Statistics* should be addressed to either the Editor, Managing Editor or the Treasurer as described above. It should *not* be addressed to Waverly Press.

PRINTED AT THE
WAVERLY PRESS, INC., BALTIMORE, MARYLAND 21202 U.S.A.
Second-class postage paid at Baltimore, Maryland 21202 and at additional mailing offices

Published bimonthly by the Institute of Mathematical Statistics in January,
March, May, July, September and November.

EDITORIAL POLICY

The main aim of the *Annals of Statistics* and the *Annals of Probability* is to publish original contributions related to the theory of statistics and probability. The emphasis is on quality, importance and interest; formal novelty and mathematical correctness alone are not sufficient. Particularly appropriate for the *Annals* are important theoretical papers and applied contributions which either stimulate theoretical interest in important new problems or make substantial progress in existing applied areas. Of special interest are authoritative expository or survey articles, whether on theoretical areas of vigorous recent development, or on specific applications. All papers are refereed.
