REPORT OF THE LIBRARIAN FOR THE YEAR 1910

The complete Catalogue of the Library, issued for the first time as a separate pamphlet in January, 1910, showed a total of 3,273 bound volumes on the shelves. To these should be added a collection of 500 unbound dissertations, and 91 bound dissertations of members of the Society.

The past year has been one of normal growth, the accessions amounting to 235 volumes. The North European dissertations accumulated since 1901, 112 in number, have been bound in sets according to universities and placed on the shelves. Of members' dissertations we have now an interesting collection, amounting to 105.

Negotiations are pending with several academies and societies for securing extensive sets of their publications. From time to time, as finances permit, efforts are also made to complete our sets of journals. Any assistance in this direction from members who may have favorable opportunities for negotiating exchanges will be greatly appreciated.

The table below shows the growth of the Library during the past nine years. The collection is becoming one of considerable value. Under favorable conditions it should ultimately become one of the largest and most important in the country.

DAVID EUGENE SMITH,
Librarian.

LIBRARY RULES

1. Applications for books may be made in person, or by letter addressed to the AMERICAN MATHEMATICAL SOCIETY, 501 West 116th Street, New York. Members may, if they desire, apply in person directly to the superintendent of the loaning department of the Columbia University Library, where the Society's library is deposited. Books will be delivered directly to those applying in person, and will be sent to other applicants by express at the expense of the borrowers.

2. A book may be kept four weeks from the date of leaving the library, but the loan may be renewed from time to time by writing to the Society in advance of the day when the book is due.

3. Borrowers should return the books in person or by prepaid express.
