

Note to the author

All manuscripts should be double-spaced, and the author should keep a complete copy. Footnotes should be double-spaced, on a separate page. Figures should be drawn separately in black ink on white paper suitable for being photographed. Explain unusual symbols and handwritten symbols, and identify special typefaces such as bold, Gothic (German), script. Include a hard copy even if your manuscript has been electronically prepared in AMS-TEX or AMS-LATEX . In the latter case please submit your style files and font files with the AMS-TEX or AMS-LATEX diskette of your paper.

Include the primary and secondary subject classification numbers. The 1991 Mathematics Subject Classification can be found in the annual subject index volume of *Mathematical Reviews*.

Proof

Authors will receive only galley proof. Proof sent to North American addresses will be accompanied by manuscript and sent by first class mail. To other addresses, proof will be sent by airmail, and manuscript will be sent only if requested. Authors are asked to return proof (and manuscript if sent) by the same class of mail that was used in sending it to them.

Page charges

To cover a part of the cost of production, the author's institution will be billed for \$40 per page.

Offprints

One hundred offprints are supplied to the sole author of a paper; fifty free offprints are supplied to each author of a joint paper. Additional offprints may be purchased.
