

VOL. 18 NO. 1

JANUARY, 1966

CONTENTS

| | |
|------------------------------------------------------------------------------------------------------------------|----|
| Kazuhiko AOMOTO , On some double coset decompositions of complex semi-simple Lie groups | 1 |
| Takashi KARUBE , Transformation groups satisfying some local metric conditions | 45 |
| Hiroataka FUJIMOTO , On the continuation of analytic sets | 51 |
| Kenkichi IWASAWA and Charles C. SIMS , Computation of invariants in the theory of cyclotomic fields | 86 |
| Hideki OMORI , Homomorphic images of Lie groups | 97 |
