TABLE OF CONTENTS

On an Application of Hadamard's Variational Method to Conformal Mapping.....	41
By Mitsuru OZAWA	
On Classification of the Function-Theoretic Null-Sets on Riemann Surfaces of Infinite Genus....	43
By Mitsuru OZAWA	
On the Normalization of Bi-Quadratic Form	45
By Masato UENO	
Une Démonstration Directe d'un Théorème de M.G.W. Mackey	47
Par Osamu TAKENOUCHI	
On the Commutativity of the C^* -Algebra	51
By Takasi TURUMARU	
On a Theorem of Hardy-Littlewood	52
By Gen-ichiro SUNOUCHI	
Note on Laplace-Transforms, (II) On some Class of Laplace-Transforms, (I)	55
By Chuji TANAKA	
Note on Laplace-Transforms, (III) On some Class of Laplace-Transforms, (II)	59
By Chuji TANAKA	
Notes on an Open Riemann Surface	61
By Tadashi KURODA	
Note on Laplace-Transforms, (IV) On the Determination of the Regularity-Abscissa, (I)....	64
By Chuji TANAKA	
Note on Laplace-Transform, (V) On the Determination of the Regularity-Abscissa, (II)....	67
A Remark on the Dispersion	71
By Kiyonori KUNISAWA	
Kernel Functions on Riemann Surfaces	73
By Shohei NAGURA	
A Theorem of Bloch Type Concerning the Riemann Surface of an Algebraic Function of Genus $p \geq 0$	77
By Masatsugu TSUJI	
On the Strong Law of Large Numbers	78
By Tatsuo KAWATA and Masatomo UDAGAWA
