CONTENTS

Vol. 21, No. 1, March 1969

MINORU NAKANO, On a system of linear ordinary differential equations with a turning point.	1
KENTARO YANO AND YOSIO MUTŌ, Homogeneous contact manifolds and almost Finsler manifolds.	16
YASUICHI HORIBE, The random net which has basic organs realizing parity Boolean functions.	46
TOSHIHIKO NISHIMOTO, A remark on a turning point problem.	58
SEIICHI YAMAGUCHI, On hypersurfaces in Sasakian manifolds.	64
YOSHIHISA KUBOTA, On analytic mappings of a certain Riemann surface onto itself.	73
MARIKO TANI, Prolongations of hypersurfaces to tangent bundles.	85
MITSURU OZAWA, On the Bieberbach conjecture for the sixth coefficient.	97
