CONTENTS

Vol. 22, No. 2, June 1970

MITSURU OZAWA, On the growth of algebroid functions with several deficiencies, II.	129
HITOSI HIRAMATU, On a conformal transformation of a riemannian manifold. ..	138
WATARU TAKAHASHI, A convexity in metric space and nonexpansive mappings, I.	142
TAKEHIRO ITOH, Complete surfaces in E^4 with constant mean curvature. ...	150
YATSUKA NAKAMURA, A non-ergodic compound source with a mixing input source and an Adler ergodic channel.	159
MITSURU OZAWA, On the minimum modulus of an entire algebroid function of lower order less than one.	166
MITSURU OZAWA, Remarks on the existence of analytic mappings.	172
KIYOSHI NIINO AND MITSURU OZAWA, Deficiencies of an entire algebroid function, II.	178
DAVID E. BLAIR, GERALD D. LUDDEN AND K. YANO, Induced structures on submanifolds.	188
SAMUEL I. GOLDBERG AND KENTARO YANO, Polynomial structures on manifolds.	199
YŪSAKU KOMATU, Über analytische Funktionen, die in einer Halbebene positiven reellen Teil besitzen.	219
HISAO MIZUMOTO, An application of Green's formula of a discrete function: Determination of periodicity moduli, I.	231
HISAO MIZUMOTO, An application of Green's formula of a discrete function: Determination of periodicity moduli, II.	244
RAM G. VARSHNEY, Errata.	250
