

THE ROCKY MOUNTAIN JOURNAL OF MATHEMATICS

Volume 15

Winter 1985

Number 1

---

CONTENTS

Kummer congruencies in formal groups and algebraic groups of dimension one By C. SNYDER .....	1
On the existence on metric polarizations By RONALD L. LIPSMAN .....	13
Regularized Ritz approximations for Fredholm equations of the first kind By C.W. GROETSCH AND J. GUACANEME .....	33
Gorenstein toric threefolds with isolated singularities and cyclic divisor class group By RICK MIRANDA .....	39
A characterization of those spaces having zero-dimensional remainders By BEVERLY DIAMOND .....	47
The Schur and Hahn theorems for operators matrices By CHARLES SCHWARTZ .....	61
Zeros and factors of polynomials with positive coefficients and protein-ligand binding By W.E. BRIGGS .....	75
Chain conditions in endomorphism rings By ULRICH ALBRECHT .....	91
Reflexive algebras of matrices By GEORGE P. BARKER AND JOYCE J. CONKLIN .....	107
A new proof of the Cwikel-Lieb-Rosenblijum bound By JOSEPH G. CONLON .....	117
Some distortion theorems for a class of convex functions By RICHARD FOURNIER .....	123
The theory of forced, convex autonomous, two point boundary value problems By THEODORE LAETSCH .....	133
The Schur multiplier of the automorphism group of the Mathieu group $M_{22}$ By JOHN F. HUMPHREYS .....	155

Multipliers for some spaces of Banach algebra valued functions	
By HANG-CHI LAI .....	157
On continued fractions corresponding to asymptotic series	
By BURNETT MEYER .....	167
Some questions related to almost 2-fully normal spaces	
By HANS-PETER KUNZI AND PETER FLETCHER .....	173
The genera of $\text{PSL}(F_q)$ -Luroth coverings	
By ASTHUR K. WAYMAN .....	185
Metric transformations of the real line	
By DARYL TINGLEY .....	199
Spectrum of nonpositive contractions on $C(X)$	
By ROBERT E. ATALLA .....	207
Functions with preassigned local maximum points	
By F.S. CATER .....	215
An occupancy problem	
By K.S. KHATTAB AND A.M. KHIDR .....	219
