KÔSAKU YOSIDA

SECOND SERIES. VOL. 6, NO. 1

JULY, 1954

---

THE TÔHOKU UNIVERSITY  
SENDAI, JAPAN

**Editorial Correspondence:** Articles on pure and applied mathematics and editorial or other correspondence should be addressed to the Editor, the Tôhoku Mathematical Journal, Math. Institute, Tôhoku Univ., Sendai, Japan.

**Preparation of Manuscripts:** Manuscripts should be typewritten in duplicate, except complicated formulae, in English, French or German. Figures and diagrams should be drawn in proper size in Indian ink or *sumi* on separate sheets of paper. Footnotes should be numbered consecutively and typed on a sheet by themselves at the end of the manuscript—they will be inserted at the designated places in the text after galley proofs have been corrected. Footnotes should be reduced to a minimum and whenever possible, replaced by references to a bibliography placed at the end of the article. Formulae are undesirable in footnotes.

**Proofs:** Authors ordinarily receive only galley proofs. Stylistic changes in proofs must be avoided as possible; authors will be charged for excessive corrections.

**Reprints:** Authors receive gratis, postage prepaid, one hundred reprints of each article. Additional reprints may be purchased if desired.
